I

Absurd Poems by Williameans

1

Bored + other poems

I sit alone in the couch
Feeling like a damn slouch
I am bored
I just watch Bob's Burgers
Just can't reach the remote any further
Still bored I sit alone at home,
writing poems.
Isolating myself from Google chrome.
Then I wrote like 3 poems at the same time.
Each of them has a good, mostly absurd rhyme.

[Poem 1: the Bear)
Jeremy Allen White is a good guy
He's off to rising fame and to shine.
But little I do know, trying to be aware,
I've been watching a little bit of 'The Bear'.
He works too damn hard and treats other very shitty
Jeremy did a fascinating job playing something gritty.

[Poem 2: Idealess]
I sit in my room
Watching flowers outside my window bloom
As I am bored watching it all day
I'm idealess, I say

[Poem 3: Gene Belcher]
I watch Bob's Burgers
Not any Netflix documentaries anything to do with murder
Instead of watching myself act like a squelcher
The character whose most personal favorite is Gene Belcher.

And just like that, I'm writing from laying on the floor I am still and always be creative but mostly bored.

I Miss Kurt Cobain

Nirvana was a great band, loved their songs
Kurt Cobain has a legacy that lasts for so long
Something in the Way is a gem, strong vibes
Makes me feel ways i can't describe
if there's one thing that i miss during a day of rain
is that i miss my idol, Kurt Cobain

Game of Thrones' Horrible Ending

i didn't watch the end of season eight, thank god
Because the series finale was nowhere to applaud.
i only watched the first episode of the season seven premiere,
I didn't catch up on the other episodes so i made myself clear.
If any HBO shows had a good way of blending,

Let me tell you, that Game of Thrones has a horrible ending.

I Don't Do Drugs

I'm an adult now, feeling bored as can be
but however boredom can make me feel free
back then in school, i saw anti-smoking ads
Mostly seeing people who smoke end up in body bags
i don't join gangs, not even thugs
for the rest of my life, i will say, I don't do drugs.

2020 Was an Early Apocalypse

It was March 13th, the day everything went to shit
i just didn't like this pandemic one bit.
i went crazy, I've gone mad
my mental health makes me feel depressed and sad
i survived it years later, barely writing scripts
Because 2020 was an early apocalypse.

Staring at the Endless Pavement

As I sit in the car, staring out the window
My motion sickness makes me want to throw up inside the case of a pillow
Sure I may be odd, sure I may be asburd
But I'll spend the rest of the car ride, not saying a word
i hate car rides, barely not even a statement
i just hate staring at the endless pavement.

I Get So Involved in Nothingness

Nihilism is something for me to have
It's something with no two halves
I get so involved in the meaningless
people something think that it's freakishness
but I don't care nonetheless
because I get so involved in nothingness.

Inversion

I watch Christopher Nolan, he's a cinema master
His movie about time gets more backwards than faster
The protagonist doesn't have a name
sometimes Hollywood is to blame
when a Christopher Nolan movie comes for my perspective in third person
His recent masterpiece is about time but with inversion.

2

Creativity is Endless + other poems

Creativity is what it is
But creativity however is endless
Sure the universe has it owns ways of time
There's a creativity style that deserves to be mine.
Creativity is Endless, no matter how long
I'll have some hobbies to stick to forever no matter what cost

So Help Me God

I just got out of a really bad film
Probably a Jordan Peele-produced film called HIM
Sure I watched the whole thing but I got bored
It's like that the movie was okay but with recognition ignored
Watching too many bad movies can feel like a lot
if Jordan Peele is producing more bad movies, so help me god.

I Am Lost in the World of Philosophy and I'm Staying

I just come clear into the world of meaninglessness

between the endless and the beginningless
No matter where I go, something and nothing matters
I climb endless, dead-end ladders
I may be accepting instead of praying
because I am lost in the world of philosophy and I'm staying.

More Nihilism

nothing is meaningful, everything sucks
i still feel like i have a heart of a hockey puck
i don't play hockey, just basketball
i don't care about defense nor offense at all
If there's anything harder than realism,
'it's more than that, it's more nihilism.

I Like To Go Back

Nostalgia, I know when I said It
I know I should give myself credit
i had a very nostalgic childhood
the nostalgia i had then felt so good
Why do i need to know to keep myself on track
that no matter what, I like to go back

3

I Gave Up Nostalgia

Nostalgia is affective, affective as Nickelodeon
Should read books about history like Napoleon
Rugrats was cool, SpongeBob was fine
My nostalgia became strong, it nearly crossed a line,
Many years later, unemployed at this point,
Thank god I never grew up to smoke a joint.
Listening to it in my head hurts like an otalgia
It's finally about time, I gave up nostalgia.

4

The Knicks

It was back then when I was in high school
Going to see a Knicks game was pretty cool
I was at the city for a day or two
The knicks were against the warriors so they went out there to lose
Their coach for not coaching them hard is to blame
And that's the conclusion of my first time at a Knicks Game.

5

Nihilist

i was watching smiling friends without feeling pissed
Although I did want to be a nihilist
Nothing matters because we're all gonna die someday
that's what other nihilists say
For me, I try to make sense out of nothing
like making sense without bluffing
I am a nihilist, say whatever you want
meaningless is nothing for me to haunt.

6

Not The Best Playwright

I try to make sure that the most absurd plays see light
but somehow, I'm not the best playwright
i have writers block, not a mental illness
So instead i feel a bit stillness
I'm so out of ideas I don't even know why
All these experienced douchebags writers tend to bleed me dry.

7

Trying to Sleep

It’s 2AM, staying up not making me a peep
Even for myself, I’m also trying to sleep
i’ve been binge watching family guy 2 hours in a row
I’ve been staying up so late I don’t even know
I have midnight snacks, even doritos
Whenever I have midnight walks, there’s usually mosquitoes
As i listen to a full comedy special that finally puts me for rest
this night for me personally, was more than the best.

8

Space Jam

I was about eight years old
Watching the best basketball story ever told
Sure i like Michael Jordan
which mostly cures my boredom
if there's one movie that currently slams
that movie with MJ is Space Jam

9

The Outsiders

Back then when i was in eighth grade,
I read the book of greasers with blades
Sure I watched the movie, still a masterpiece
And the other kids in the room enjoyed it at least
Johnny Cade killed a Soc, basically for cruelty
I don't know why, but movies nowadays have continuity
No matter what, my youth was bold
Ponyboy should keep staying gold.

10

Rollercoaster of Death

I was at Six flags, the one in Massachusetts
and that one rollercoaster i went on was the deadliest yet
It was the Superman ride, i was 13 at the time
mostly scared of mountains too high to climb
i need to shut up and take a breath
and wait in line to ride the rollercoaster of death

11

Musical Concrete

I struggle with making music, most of the time
people think my music's so bad, it's like a song without any rhymes
the more i try, the more i fail
the less i know, the more i forget detail
If there's one genre i know that makes me make no beat
that genre is called musical concrete

12

I'm Too Old for High School

I'm a young adult now, time for me to change
because me going back to high school's kind of strange
I do go to high school football games
Just hope my weirdness doesn't go up in flames
no matter what, i tried to be cool
it's just that I'm too old for high school

13

Chapter 13
